

Advanced Neural Data Analysis and Neuroinformatics Course

ANDA-NI

Preparatory Period: Sept 25-Nov. 3, 2024

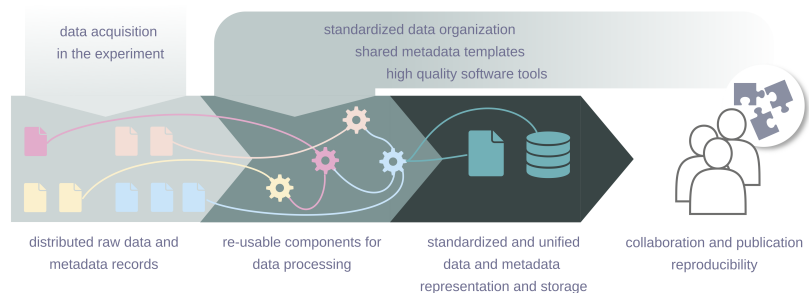

Course: Nov. 4-Nov. 8, 2024

Location: Research Center Jülich, Germany

Learn advanced state-of-the-art data analysis techniques on parallel electrophysiological data you care about

Implement solutions for efficient handling and sharing of complex datasets

For details and application procedures, see: <https://andani.info>

Application deadline:
July 31, 2024

Organizers:
Michael Denker, Research Center Jülich
Sonja Grün, Research Center Jülich
Nicholas Del Grosso, iBehave iBOTS, Univ. Bonn
Thomas Wachtler, LMU Munich
